**Advantages of donating electronically
 to your parish family**

Donating electronically automatically makes you a thoughtful giver. More important than frequency is faithfulness. You are 100% faithful when you give with your weekly envelope or electronically make an offering. You also provide a more steady flow of income for your parish.

Giving is a public expression of faith. Dropping an envelope into the basket at offertory time shows your participation in your parish. You may write "I give electronically" on your envelope. Your gift still comes from your heart.
