**Advantages of donating electronically to your parish family**

Donating electronically automatically makes you a thoughtful giver. More important than frequency is faithfulness. You are 100% faithful when you give with your weekly envelope or electronically make an offering. You also provide a more steady flow of income for your parish. Giving is a public expression of faith. Dropping an envelope into the basket at offertory time shows your participation in your parish. **If you give electronically** but would like to put something in the collection basket there are small cards on the table by the front door that say "I give electronically". These will be available each week. Your gift still comes from your heart.

**If interested is donating electronically please call the Parish Office 799-3414**
